

MEDICAL AID IN DYING: PERSPECTIVES OF TERMINALLY ILL INDIVIDUALS AND THEIR CAREGIVERS

We are seeking individuals who have qualified to use medical aid in dying (MAID) and/or their caregivers, before or after the death, to learn more about your experiences, gifts and challenges.

As a research study participant, you will be asked to:

Complete one 15-minute survey

Participate in one interview

(with the opportunity for two follow-up interviews)

Each participant will receive a \$30 Amazon gift card for each interview they join

If you are interested, or have any questions, please contact the study's principal investigator: Jen Currin-McCulloch, PhD, LMSW jen.currin-mcculloch@colostate.edu
970-491-3931

Tambien puede comunicarse con nuestra asistente de investigación graduada bilingüe:
Nathan Gallo en nathan.gallo@colostate.edu o por telefono (970-491-6587).
